end of 31 12 53. to allow (1) to the translation and publication of the approved bye laws, and preparing a Compendium of them bearing particulars on a Code form as has been previously done for the earlier enactments viz. Municipalities, Elections allied to (2) to the existing Corporation work in view of the Special experience he has gained in connection with the last elections to the Legislatures for which he had been specially appointed and (3) to compile the Corporation Service Regulations as required by Sec 9(c) of the Corporation Act. It is also stated that he is required for completing the Corporation Code and the framing of Rules consequential on the Act.

4) As regards clause 1, the translation of the bye-laws should be to Kannada Sri Nagimarmathan is a retired employee of the Secretariat staff only and it is doubtful whether he knows Kannada to be of any use in the Translation work. Regarding clause (2) (Election work) there is a large staff to assist the Commn

and there are also two Corporation Advocates to advise them. Despite this huge staff to plead that the services of this pensioner are indispensable for elections would be to admit indirectly the inability and incompetency of many others to hold responsible positions to cope up with their work. Elections are a regular feature to come every three years. The Commissioner is responsible for conducting the elections he should get through this work with the staff working under him. To say that Sri Nagamanahalli's services are absolutely necessary for this work is a position which cannot be accepted.

5) The compilation of the approved Voters' lists is the force of a Gazette notification and one of the Deputy Commissioner's Office Assistants is attached to this work.

6) Sri Nagamanahalli is already in the re-employment of the Corporation for about two or three years now. He is continued for 7½ months after the expiry of his present approved

term without sanction and that remains of the period recommended for sanction now is barely a month and a half if as reported, less spread over to so many items of work, he may take at least two or three more years to complete them the whole time he will have to be kept on. To cut short this period of further continuance which is already prolonged inefficiently, the present proposal may be approved with specific instructions that the spread should confine to the completion of the Code and the Rules and complete them before the end of December '53. He need not draft a separate Service Regulations for the Corporation as the law is proposed to be amended to make the M S R applicable to them. The other items of work may be attended to by the Regular Staff. Only by doing so would it be possible to dispense with the services at least from January next

Another point has also been raised that the translation of the bye-laws should be in Kannada & it is not known whether the incumbent knows Kannada to be of any use in this work. I am also of the view that the term of the

official need not be extended merely because of the elections

(12) It is seen from Rule 3 (1) to (4) of the Mysore P S C (Functions) Rules 1953 & section 3 of the Mysore P S C Regulation (Limitation of Functions) 1953 that the municipalities & Corporation are not excluded from the purview of the P S C It is therefore clear in view of Section 4 (3) of the Mysore P S C Regulation (Limitation of Functions 1953 & Rule 13 of the Mysore P S C (Functions) 1953 the P S C will have to be consulted This may also be kindly examined

(13) An important point has to be decided in this connection That is, whether the P S C Rules and Regulations framed now are applicable to the services of the Local Authorities The Regulations as well as rules now framed are under Article 320(3) of the Constitution, but article 321 lays down as follows -

> "An act made by Parliament or, as the case may be, the Legislature of a State may provide for the exercise of additional functions by the Union Public Service Commission or the State Public Service Commission as respect the services of the Union or the State and also as respects the the services of the local authority or other body corporate constituted by law or of any public institution "

(14) Therefore a distinction has to be made between an

	Act made by Parliament or the Legislature of a State under Article 321 of the Constitution and Regulations framed by Government under Article 323 (320(3)) Until and unless an Act under Article 321 is framed, it is to be presumed that the present regulations framed by State Government are inapplicable to the local authorities
	15) In this connection it may be stated that so long as the Municipal Councils agree to the provisions of the P S C Rules or Mysore Public Service Regulations, there would be no difficulty, but when a particular municipality for e g Mysore City Municipal Council which has already objected to a particular appointment, questions the authority of Government to enforce Service Regulations or P S C Regulations, then it may be difficult to justify our action
	16) Again article 313 of the Constitution lays down as follows -
	"Until other provision is made in this behalf under this Constitution, all the laws in force immediately before the commencement of this Constitution and applicable to any public service or any post which continues to exist after the commencement of this Constitution as an All India Service or as service post under the Union or State, shall continue in force as far as consistent with the provisions of this Constitution "
	17) Therefore even this section says that all the laws in force immediately before the commencement of this Constitution and applicable to public service as an All India Service or service or post under the Union or a State shall continue in force so far as consistent

with the provisions of this Constitution This does not say that laws in force in the service of the local authority in a State shall continue in force after this Constitution Therefore the distniction made between the services of the State and services of a local authority has to be recognised and needful action taken to frame a separate Act in this respect. The Law Secretary may be consulted

18) The third point to be urged in support of the recommendation made in paras 9 and 10 is that the Corporation and the Commissioner have got statutory powers to make appoints to fill up certain classes of posts without consulting the P S C This post comes within the powers of the Corporation

19) The continuance of the service of Sri Magimenathan is on Rs 90/- per month only The Commissioner himself had powers and it was unnecessary to have sent this to Government for approval In para 9, the official was recommended to be continued till the end of December 1953 Therefore the proposal may be approved and other points raised above may be clarified after issue of orders on the proposal now before Government

Subject Continuance of the appointment of Sri Nagimainathan, a pensioner, re-employed for drafting rules, byelaws, regulations, manual, codex etc of the Corporation

L M R.

I invite kind reference to the Government Order No. L.7121-23/C M.1-53-53 dated 17-9-53 sanctioning the resolution of the Corporation dated 25th March 1953 in regard to the continuance of the services of Sri Nagimainathan upto March 1953. A further necessity to continue him in the services of the Corporation for a period of one year, arose for the following reasons

The Government have now been according their approval to the 52 bye-laws one by one The approved bye-laws are now being translated into Kannada and published in the Mysore Gazette in English and Kannada Out of the 37 bye-laws so far approved by the Government, 20 bye-laws have already been published in the Mysore Gazette in final form. Action is being taken to have the remaining bye-laws translated into Kannada before publication Similar action will have to be taken as and when Government approves the bye-laws Thereafter arrangements will have to be made to have the approved bye-laws printed separately and copies made available for sale to the public and later on to have them bound in book form like the existing City and Civil Station Bye-laws All this involves heavy labour.

The position regarding the other Corporation work (excluding the Bye-laws) is as follows -

1 to - While attending to the Census, preparation of elector rolls in 1950-51, 1952 and 1953 and the General Elections,

he has prepared the following drafts -

1 Corporation Servants' Conduct Rules	Already approved by the Corporation
2. Rules for the fixing of security amount by Corporation servants	
3 Provident Fund Rules	Being checked in the Accounts Branch
4 Rules for compounding of offences	Submitted to Govt , for approval.
5 Public Conveyance Rules	
6 Corporation Service Rules	Being placed before the S. C. (Accounts)
6 A Revised draft bye-laws re advertisements	Being placed before the Corporation
7. Corporation Recruitment Rules.	Original rules already approved by the Corpn. Further amendments being placed before the Corpn
8 Statement showing the educational qualifications of the various subordinates.	Being checked in the Accounts Section
9 Rules regarding the supply of clothing to the Corporation employees	Being checked by the Audit Section
10 Rules regarding the letting out model houses on rent	Under consideration of the Housing Committee The Corpn Advocate is also being consulted
11. Corporation Manual.	The Manual is drafted. The Appendices containing Forms, List of Reports and Returns being collected from the subordinate officers
12 Corporation Code	Part I of the Code (containing particulars re the constitution of the Corporation, powers of Govt, the powers and duties of the Mayor, Dy. Mayor, Commr , Corporation and Standing Committees, Police, etc.) has been completed Part II of the Code will be taken up

Of the above, the Corporation Service Rules are very important After the Standing Committee and the Corporation approve the Rules, action has to be taken to incorporate in the Rules, the amendments which may be suggested by them, before submission to Government. Even after Government's approval, action has to be taken to make necessary alterations in the rules as a result of their observations This will involve consequential numbering of the various articles in the Rules

Besides the above work, the Corporation Code which is a laborious but important work, should be finished. Drafting of Rules as contemplated in the various sections of the Corporation Act, has also to be undertaken and finished. All this work requir

a period of nearly a year. Further, there is one more important work to be undertaken this year, i.e., the Corporation Elections. The Corporation Election is as important as any other work and an experienced official is required to attend to the correspondence and other arrangements which is a very huge affair As Sri Magimainathen has the full experience of General Elections, his services in the Corporation will be very valuable The Elections will be over by the end of December 1953 He may attend to the other works noted above together with Corporation Election till December 1953 and to the preparation of the Code & Rules, etc. thereafter till the end of March 1954.

In this connection it may be stated that the Corporation can be stated to have surpassed the stage of infancy only when all the above rules and regulations have been put into execution, and this can be achieved only with the help of an experienced official, appointed entirely for this purpose. It is with this view that the matter was placed before the Standing Committee (Taxation & Finance) and Corporation Although the Standing Committee recommended the continuance of this official till 31st March 1954 the Corporation at their meeting held on 20th October 1953 resolved that his services may be continued from 1-4-53 to the end of 31st December 1953 only on Rs.90/- plus D.A. per mensem for completing the remaining Draft bye-laws, rules etc and also for attending to the work of the Corporation Elections - vide copy of the resolution enclosed.

In the circumstances I request that the Government may be pleased to approve the resolution of the Corporation very early.

Forwarded with compliments

SIR

Subject Continuation of the services of Sri Magimainathan, Pensioner, re-employed in the Corporation from 1st January 1954 to 30th June 1954.

Gm I. 53 —103

I invite your kind attention to my letter No A 1/890/54-55 dated 27th April 1954 and subsequent reminders dated 11th June, 14th July, 18th August and 15th October 1954 The services of Sri Magimainathan were terminated on 30th June 1954 but his pay was not disbursed for the period of six months from 1-1-1954 to 30-6-1954 The official is put to a lot of difficulties and it is but reasonable that he should have been paid at least on the date of his leaving service If there is any technical or other difficulty in securing the order of the Government immediately, I request that the Government may be pleased to issue an interim order to enable the pay to be drawn and disbursed to him

A copy each of the following communications is herewith sent for ready reference

Sub Continuance of the appointment of Sri S Magimainathan, a pensioner, re-employed for drafting rules, bye-laws, regulations, Corporation Manual, Codes etc

---

I write to invite a reference to Govt Order No L 13158-20/C M 1-53-87 dated the 16th January 1954, sanctioning the resolution of the Corporation dated the 20th Oct 1953, recommending the continuance of the services of Sri Magimainathan up to 31st Decr 1953 At their meeting held on the 20th April 1954, the Corporation approved the recommendation of the S C (T & F) dated 23-3-1954, for the continuance of that official up to 30th June 1954, for finalising the work entrusted to him The reasons for the retention of his services in the Corporation have been explained in full in my letter No A 1/890/53-54 dated the 2nd November 1953 As stated in that letter the official was also entrusted with the work connected with the Corporation Elections, 1953 This work, which should in the normal course require at least six months, had to be hustled in a period of three months from October 1953 Further, unlike previous occasions, arrangements had to be made for holding elections at two different dates, one for the Labour Seats and the other for the general and reserved seats This involved additional work and time Consequently, the major portion of the work connected with the finalising of the bye-laws, codes and manual, etc., had to be slowed down Since renewing the above work, the Corporation Service Rules which were approved by the Corporation had to be finalised and copies made to be forwarded to the Government for sanction, and action had to be taken for issuing the schedule of License fees to be levied from 1st April 1954 The printing of all the bye-laws so far approved by the Govt (in English and Kannada) for reference in the various offices of the Corporation and for sale to the public etc is now being attended to along with the work of completion of the remaining bye-laws, rules, Code and manual, etc. All these are expected to be completed by the 30th June 1954 on which date the services of Sri Magimainathen will be terminated

In the circumstances, I request that you will kindly obtain the sanction of the Government to the Corporation Resolution No 66, dated the 20th April 1954 (copy enclosed) As the official has not been paid since 1st January 1954, I shall be thankful, if you will kindly communicate the orders of Government as early as possible
